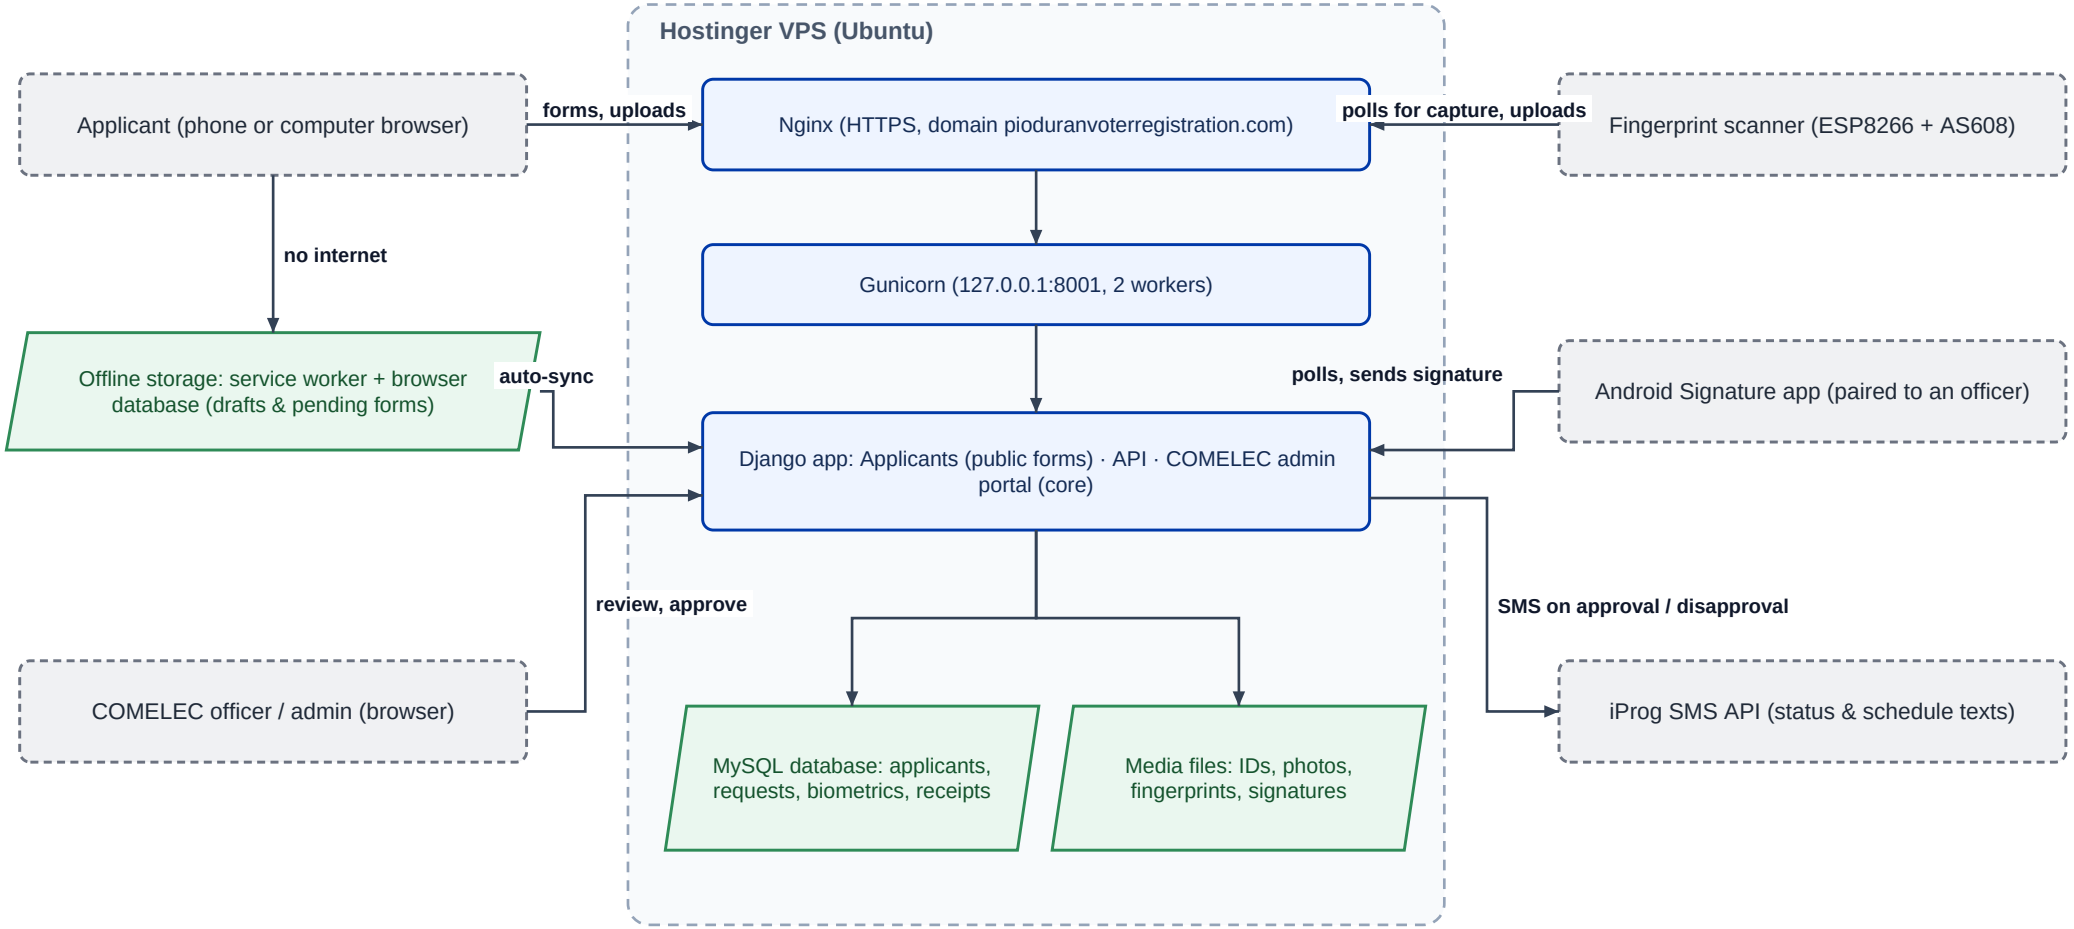
1. System Overview

Who uses the system, where it runs, and how the parts talk to each other



Application status

PENDING > REVIEW > APPROVED or DISAPPROVED
Disapproved new registrations are set inactive.

Verification status

UNVERIFIED > BIOMETRICS PENDING > VERIFIED
Verified = 2 fingerprints + 3 signatures saved and Finish Verification done.

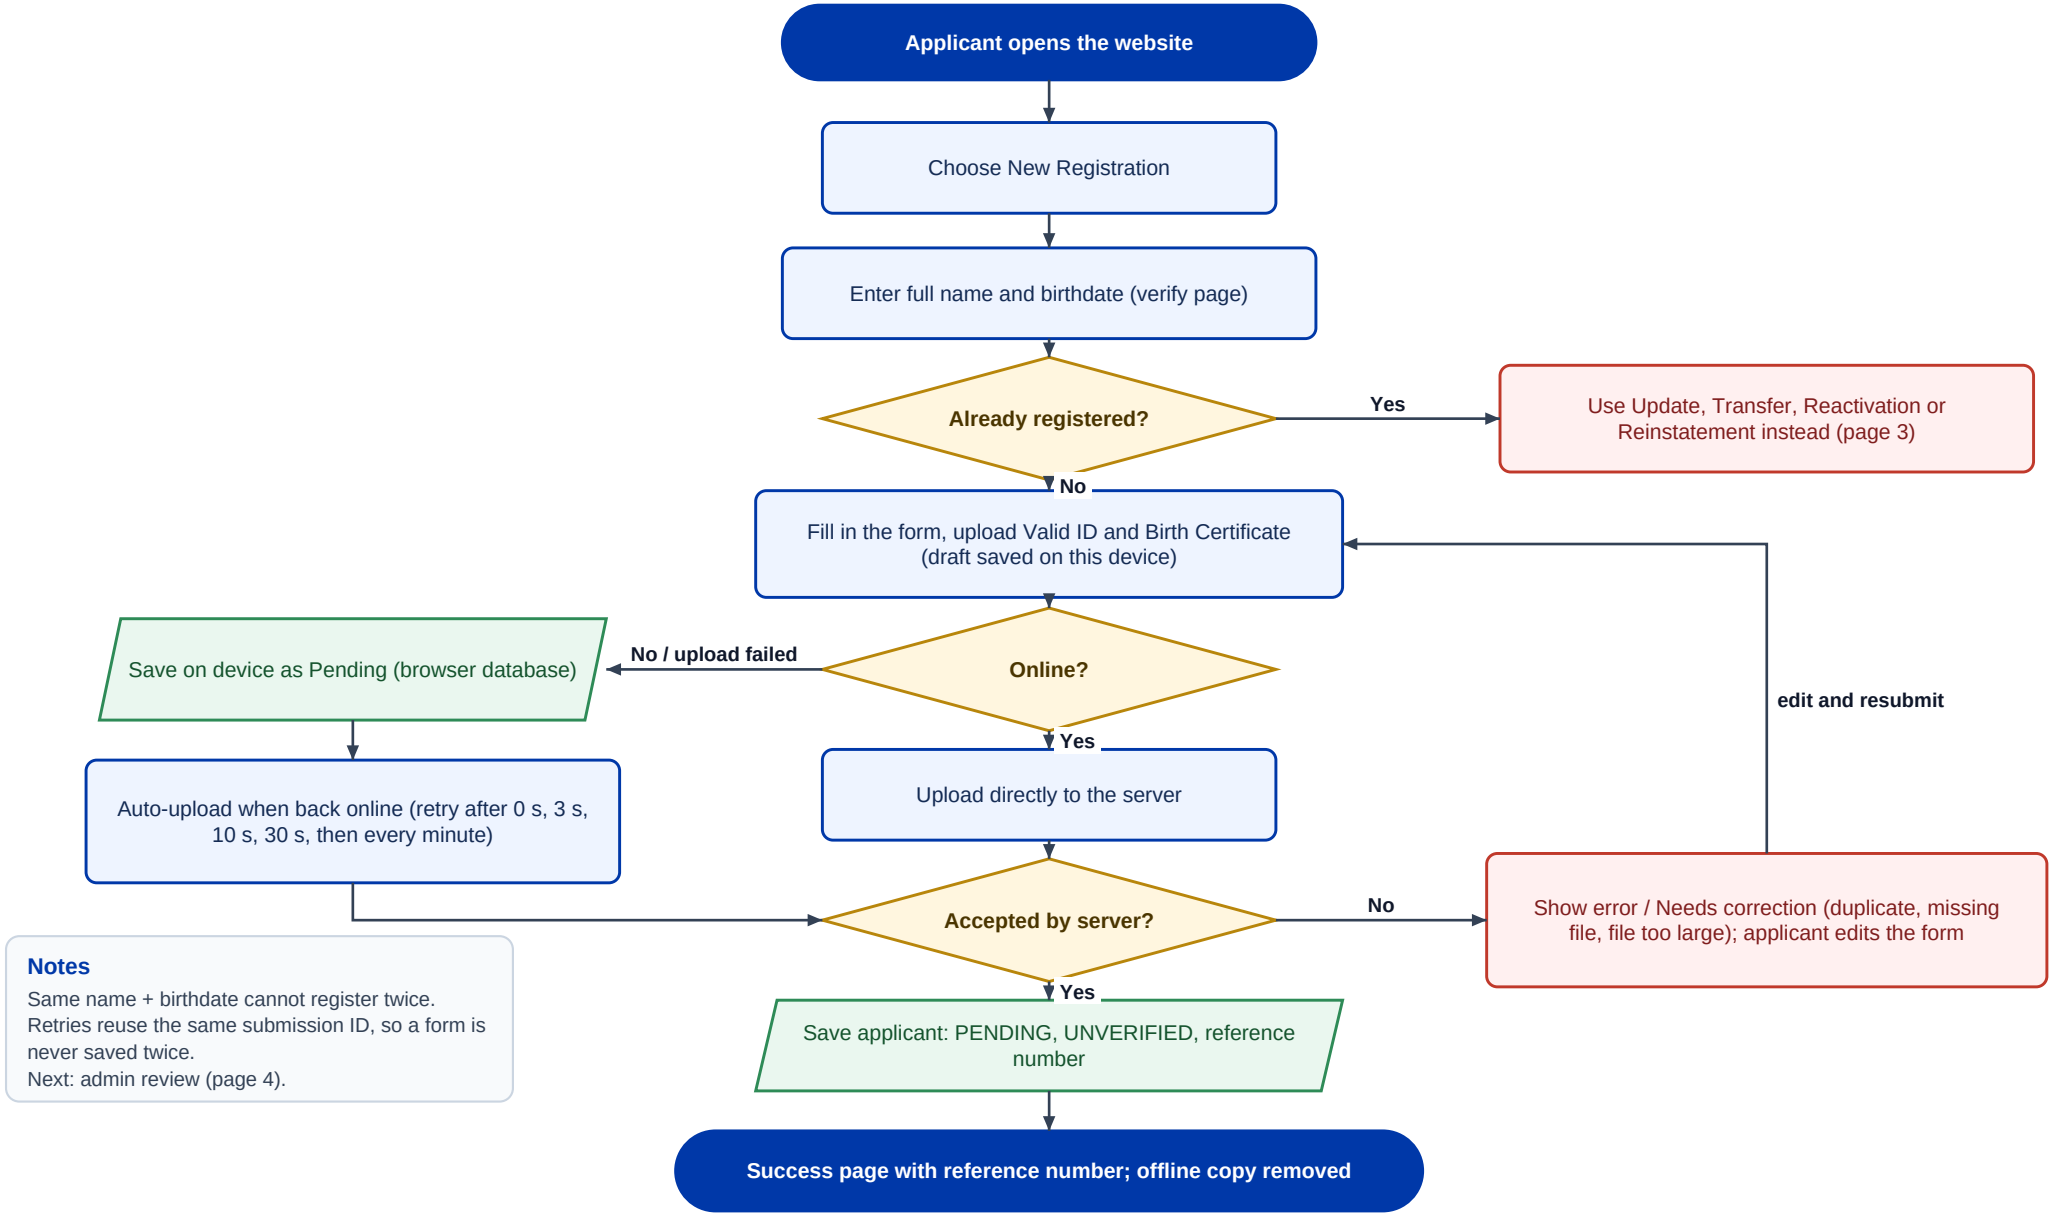
Pages in this flowchart

2 New Registration (online / offline) 3 Service requests
4 Admin review & approval 5 Biometrics & verification
6 Re-verification after a request 7 Suspend & walk-in

Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

2. New Registration (Applicant)

Online submissions upload directly; offline submissions wait on the device and upload automatically



Notes

Same name + birthdate cannot register twice.
Retries reuse the same submission ID, so a form is never saved twice.
Next: admin review (page 4).

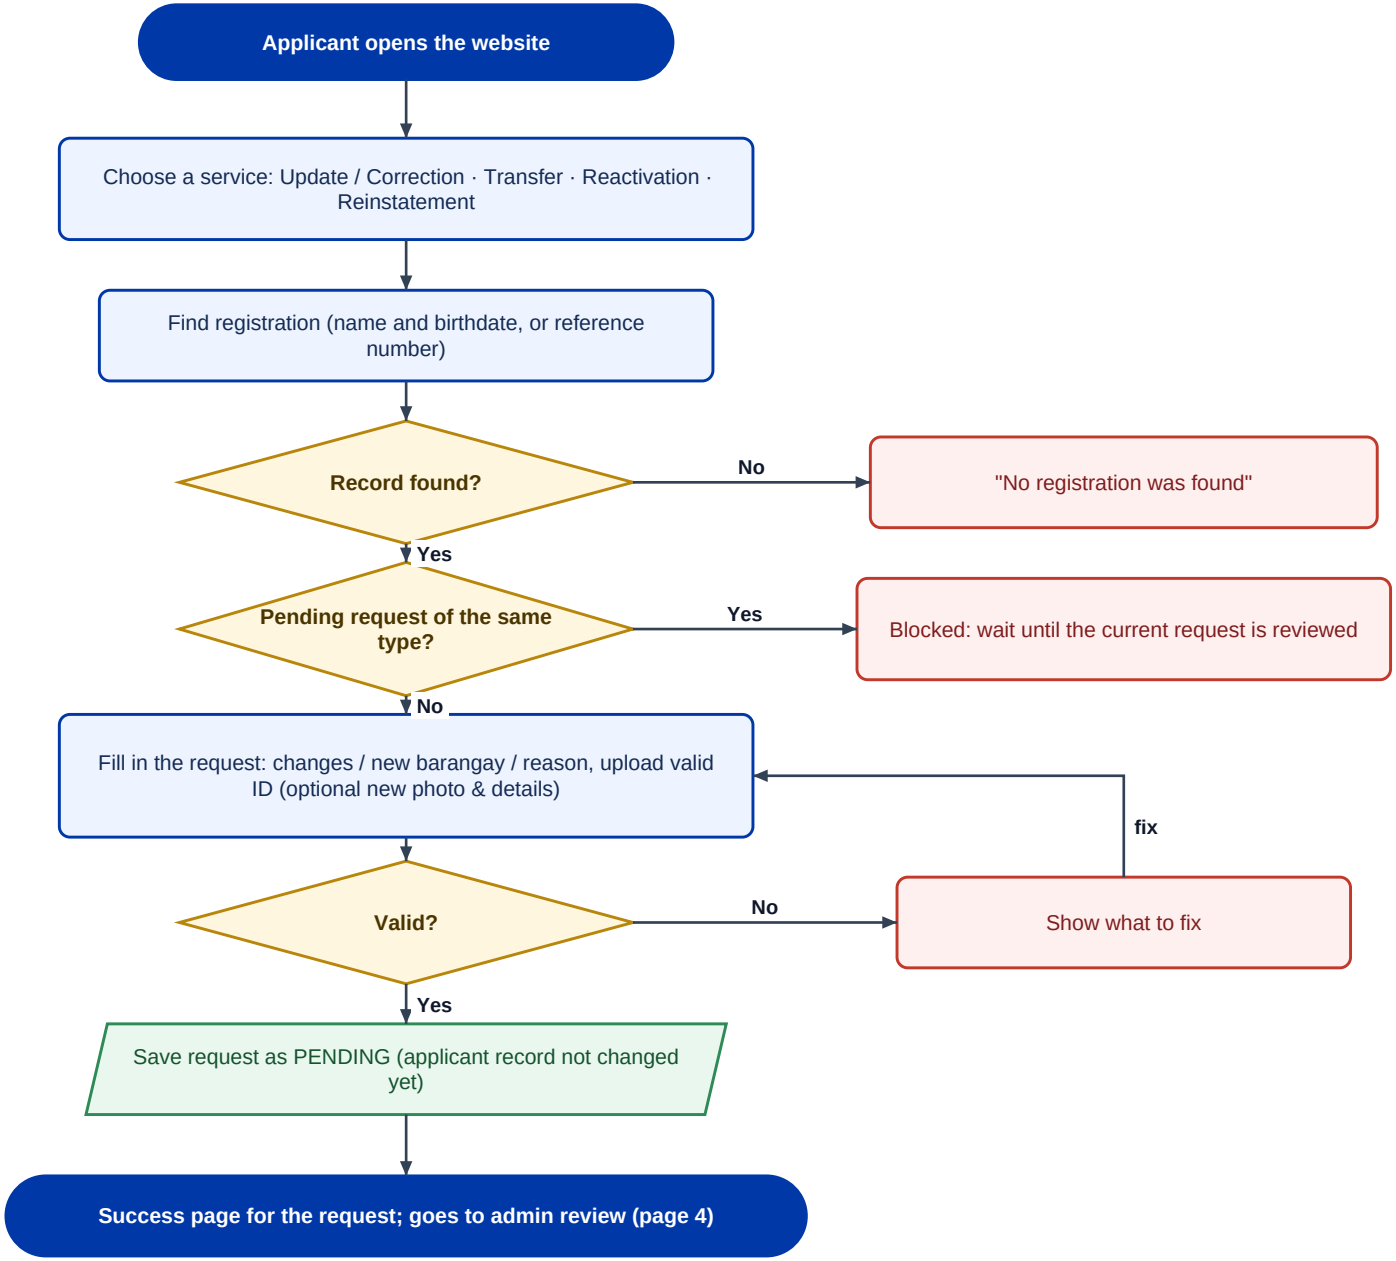
Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

3. Service Requests (Applicant)

Update / Correction, Transfer, Reactivation and Reinstatement - online only

What each service does

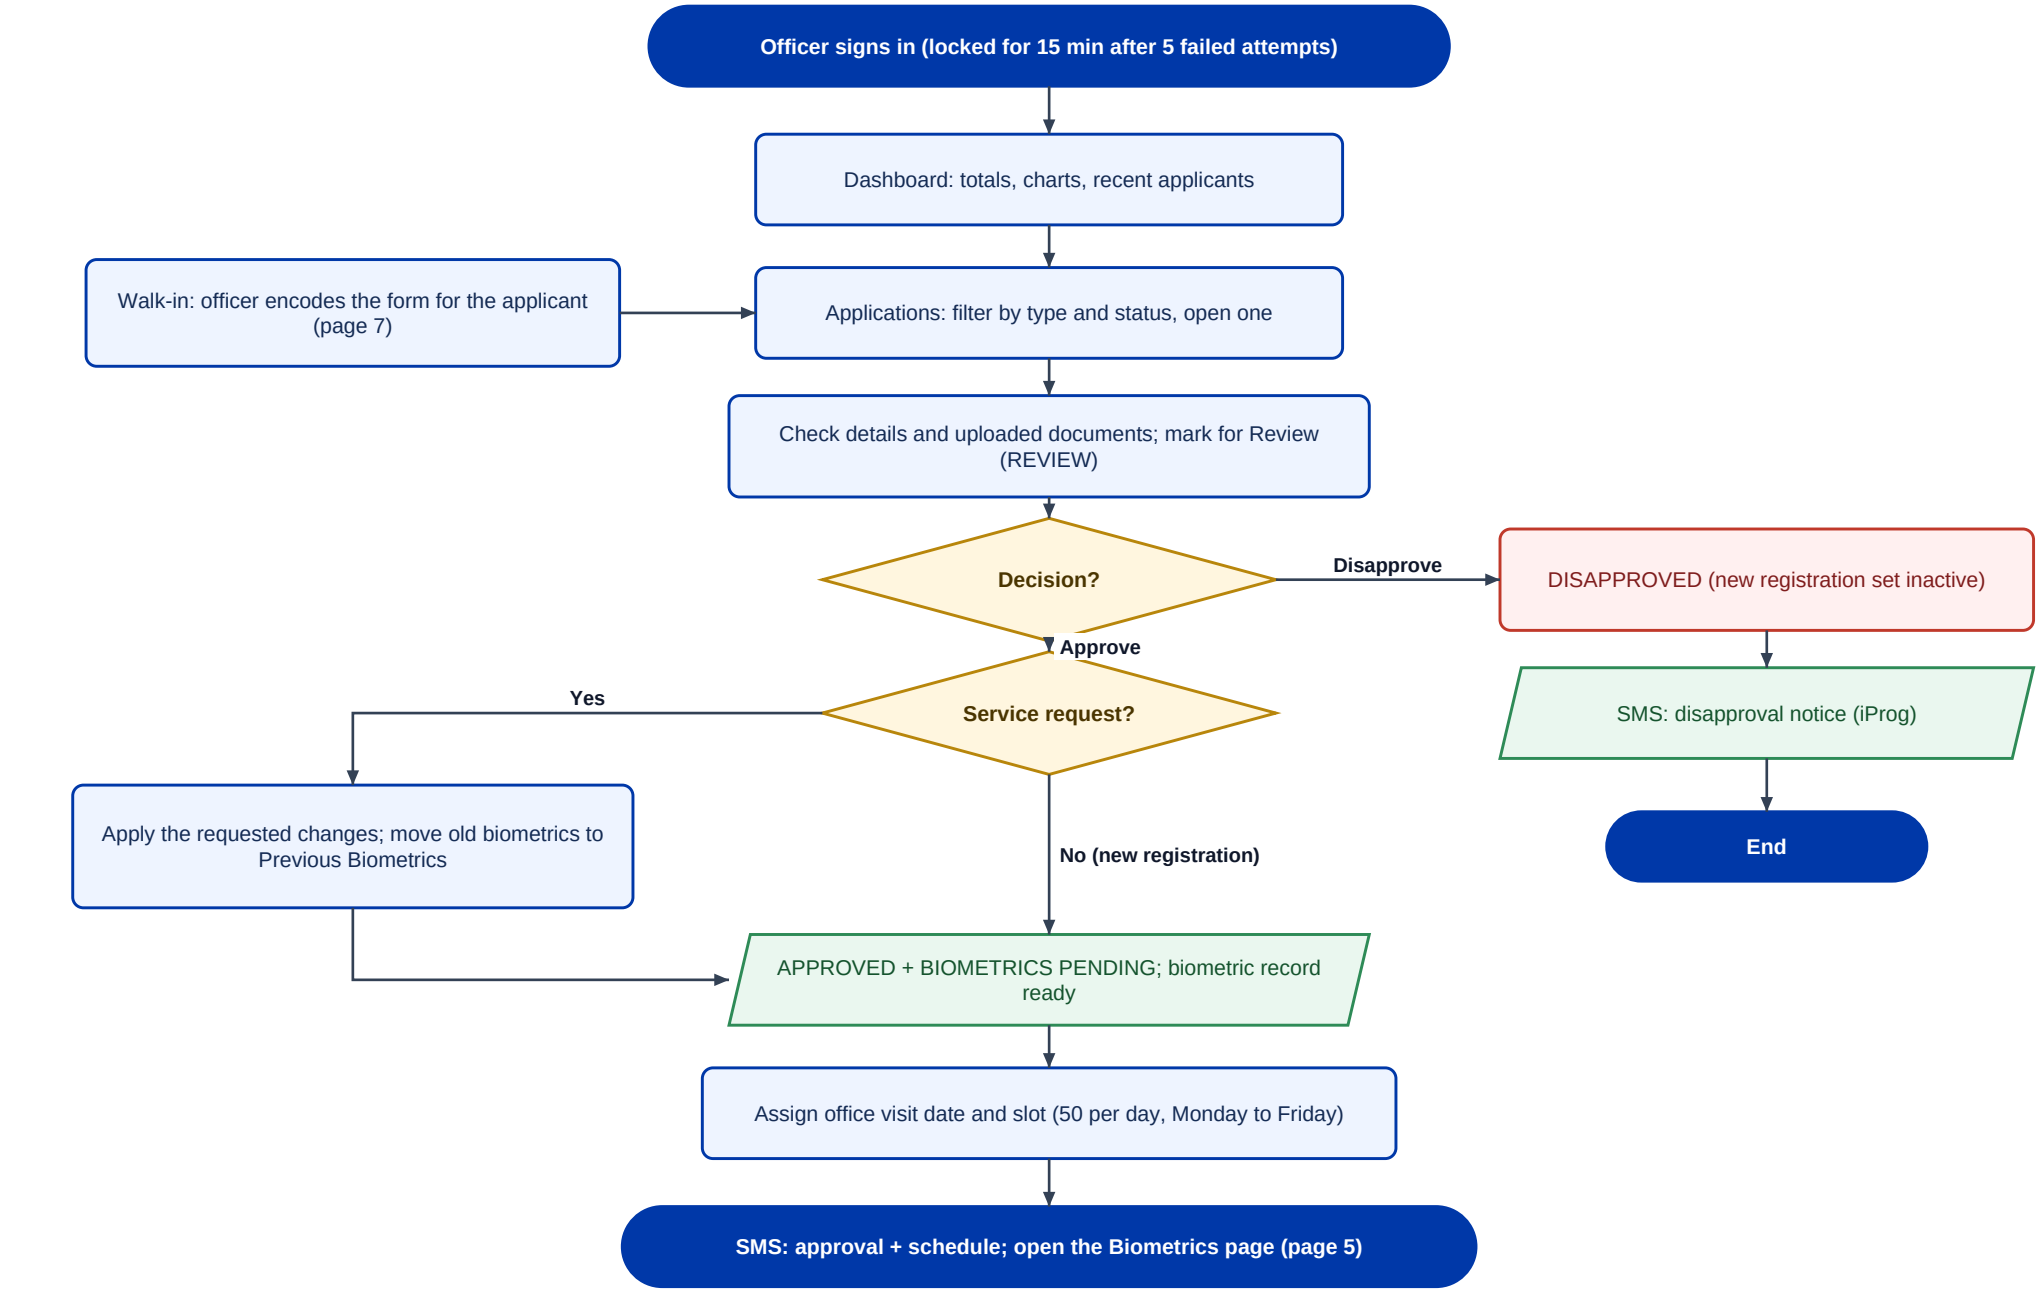
Update / Correction: change of name or corrected entries.
Transfer: move to another barangay.
Reactivation: restore a deactivated record.
Reinstatement: include records in the book of voters.
Approved requests need new biometrics (page 6).



Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

4. Admin Review and Approval (COMELEC Portal)

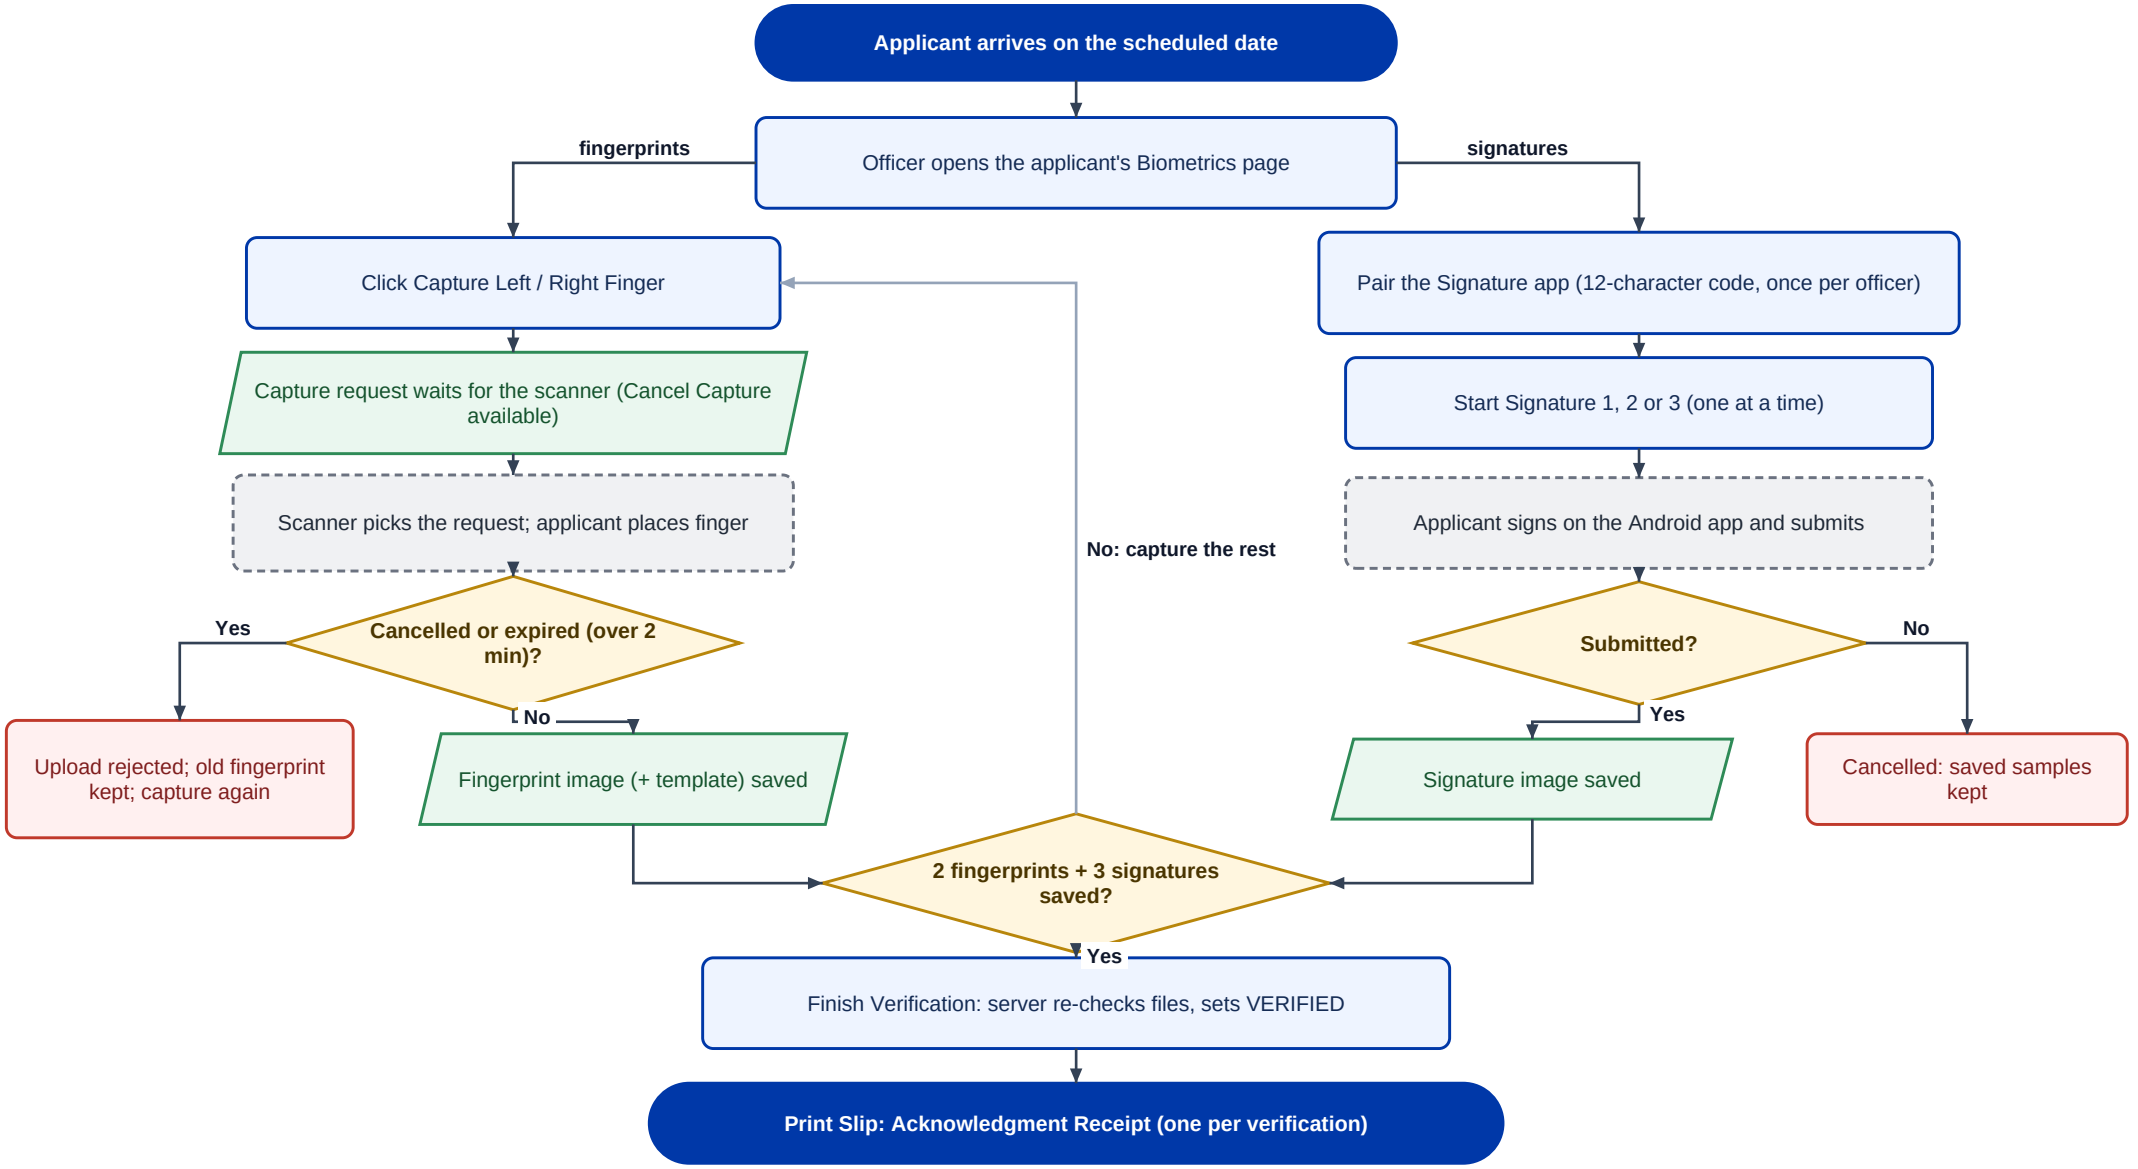
Every application and request is reviewed by an officer before biometrics



Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

5. Biometrics and Verification (Office Visit)

Two fingerprints and three signatures, then Finish Verification and the receipt



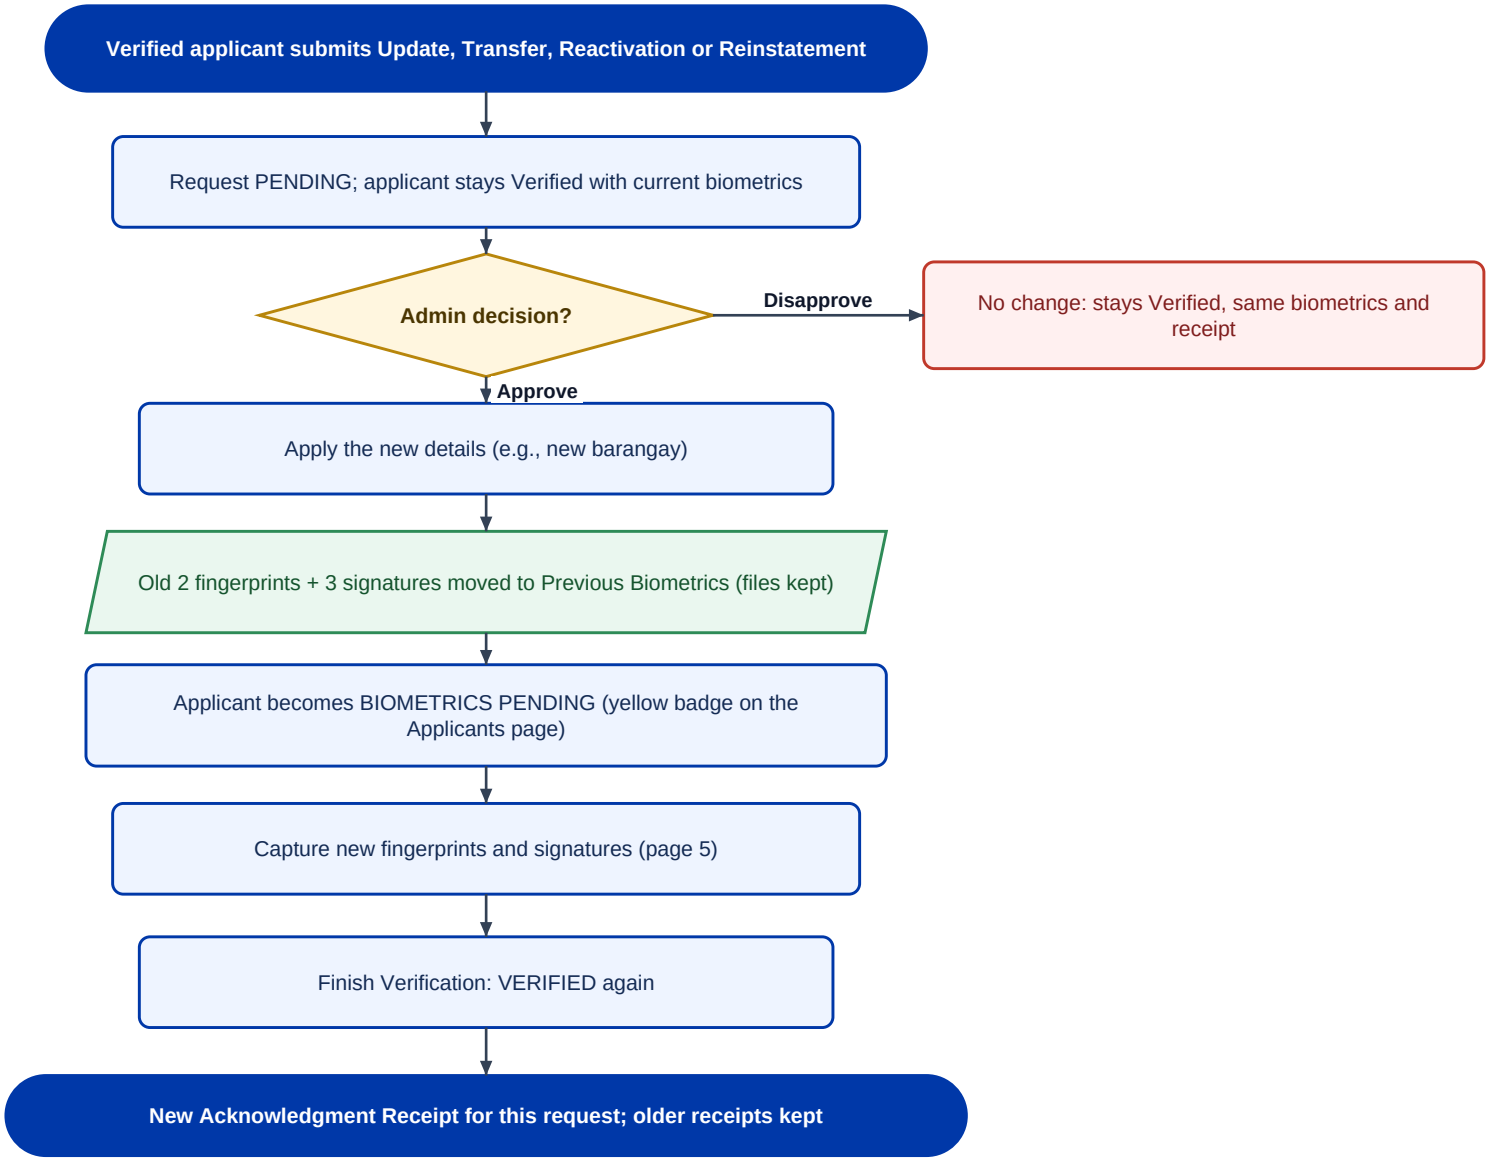
Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

6. Re-verification After an Approved Request

Example: a verified applicant changes address (Transfer)

Where to see it

Applicant Details page shows:
- current biometrics and which application they belong to
- Previous Biometrics (each older set, date and reason)
- every Acknowledgment Receipt (old ones can be reprinted)
- full Application History

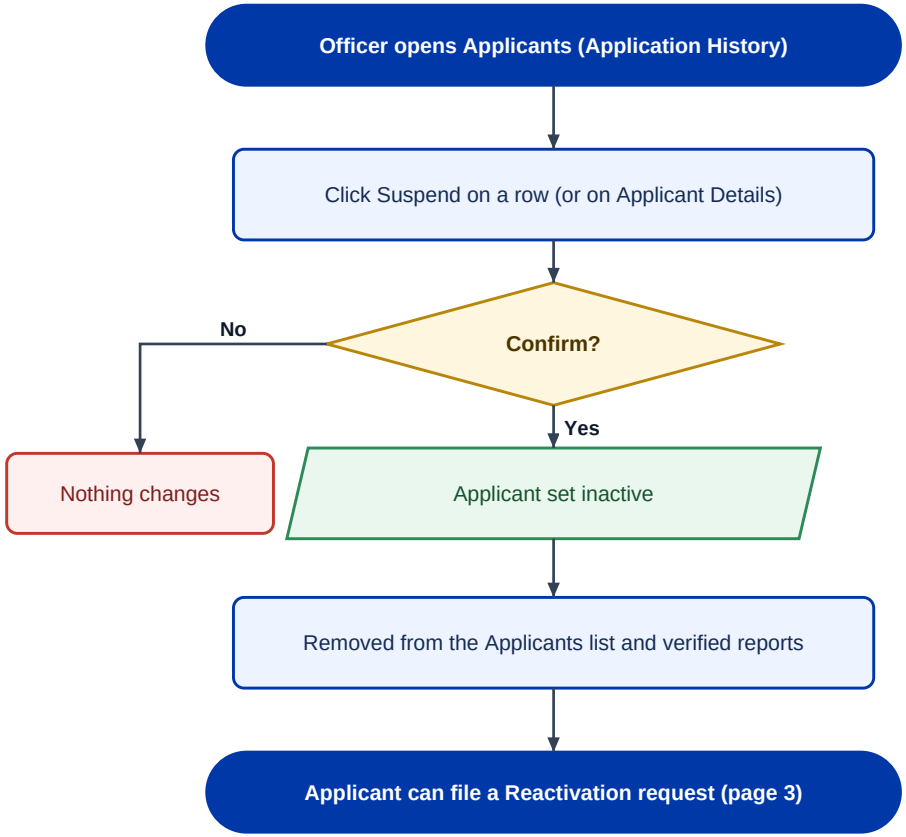


Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked

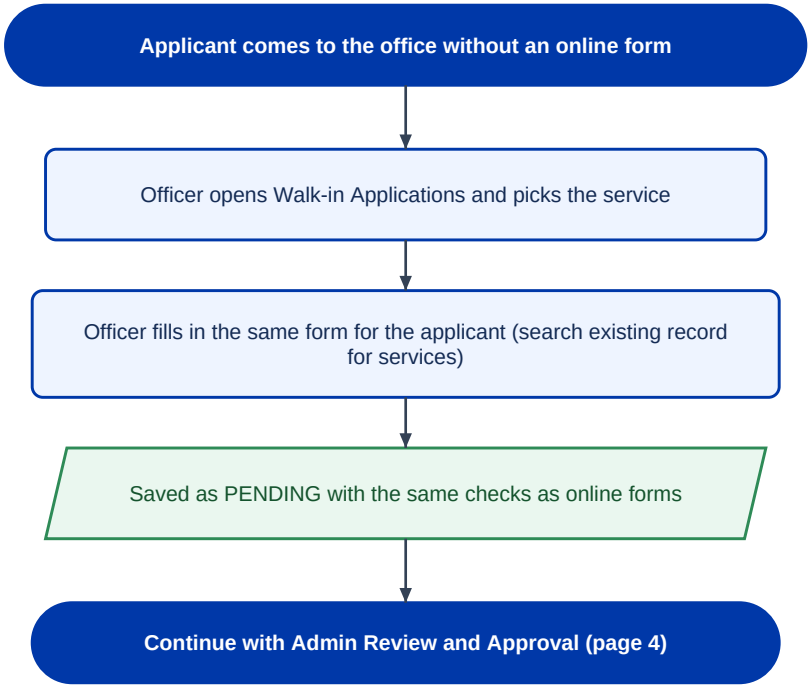
7. Suspend and Walk-in Applications

Officer-only actions in the COMELEC portal

Suspend an applicant



Walk-in application



Start / End | Process / step | Decision | Saved data / message | Device / outside system | Error / blocked
